Weekly Newsletter

Term 3

Week ending Friday 16th September 2011

We shall walk together on this path of life, for all things are part of the universe, and are connected with each other to form one whole unity.

Dr. Maria Montessori

This Week...

- **W**hat a busy week! Children have enjoyed making many craft activities related to Spring. Children have come in contact with butterflies, dragon flies and caterpillars during outdoor play. Their curiosity for exploring these creatures are amazing!
- **I**t is wonderful to see all our children grow in the spirit of Montessori in our prepared environment. They are achieving all milestones by carrying out the activities which promotes the holistic development.

- Children learned about the Devils Spider and the Manchurian Scorpion. The scorpion is 'vivi paraus' (doesn't lay eggs) and they can live without food for 3 months.

- Children enjoyed our Volcano science experiment and learned that there are 1500 Volcanoes on the Earth and about 80 Volcanoes under the sea. They learned that the liquid inside the Volcano is called magma and after an eruption is called lava.

- On Tuesday Isaac celebrated his Birthday. Happy Birthday Isaac!!

REMINDERS

- ❖ Last day of Term 3 Cycle 1 Program - 22nd September
- ❖ Last day of Term 3 Friday 5 year old group - 23rd September
- ❖ Children return for Term 4 on Tuesday 11th October
