

MMEEEC
Weekly Newsletter
Term 3
Week ending Friday 29th July 2011

"Children are human beings to whom respect is due, superior to us by reason of their innocence and of the greater possibilities of their future."

Dr. Maria Montessori

This Week...

- **T**his week we welcomed Madeleine Wild into Our Montessori Centre.
- **G**roup time children learn many language activities which develop their communication skills, cognitive skills and social skills. Our main focus is to help and give necessary support to reach all mile stones.
- **M**essy Play is designed with children's natural curiosity in mind. It encourages a positive approach to new experiences. There is no "right" way for children to do messy play. This builds self-confidence and self-esteem. Through messy play, children can develop concentration and problem-solving. Our children were given an opportunity to make goop and play with it. They had fun feeling the texture of goop.

- Children had lots of fun collecting/finding insects such as slugs, centipedes, slater bugs, earth worms and millipedes from our garden. Children gather information on insects when provided the opportunity.
- Our children enjoyed making carrot muffins on Thursday. Each child was given an opportunity to carry out the simple tasks. All the children participated in the cake making process.

OTHER NOTICES....

Thank you for bringing recyclable material. Please continue to provide these if you can. (Except egg cartons, cereal boxes and toilet paper rolls)
