The children have settled back in after the holidays, working well together and helping the new children build a sense of cohesion within the group. The older children are moving onto phrase and sentence strips and blue materials, extending their knowledge on initial and final blends. The younger children are continuing to build their knowledge through our sand paper letters.

This week for cooking activity, the children made guacamole. There were mixed responses to this recipe. Even though, the children were told that it was the colour of food that 'Shrek' would eat, still some of them declined to try it. We hope the parents enjoyed it!

Science In science this week, the children learned how a candle needs air to keep alight. They also learned that when placed in a jar, the candle will go out.

The children have requested a “Teddy Bears Picnic” which will take place next Thursday. Each child can bring in their favourite teddy bear to spend their lunch time with.

Welcome!

We would like to send a warm welcome to Phaidon and his family, who will be joining the Centre next week. We look forward to Phaidon becoming a part of our Montessori Community, where he will enjoy learning and playing.

Thank you!

We would like to take this opportunity to say thank you to the parents for allowing us to work with your children and also congratulate them on producing such fantastic little people. It is a pleasure coming to the Centre each day. 😊

If any parents have a small children’s shoe, that is no longer being used, we would appreciate it if you could please donate this to our Centre for our polishing exercise on our practical life shelf. Thank you 😊

Have a Great Weekend!
